SO WHY CHOOSE US?

We are a school which develops each child's self-esteem and self-confidence by providing a variety of educational, creative and social opportunities. Children of all ages work together to build lasting friendships. Our happy children enjoy their learning and we are extremely proud of our high standards with excellent progress results year on year. We have a dedicated staff who aim to promote and embed our Christian values and ethos 'to believe, achieve and succeed together'. We believe that the higher the expectations we have of our children, the greater their achievements will be. Our site boasts a tepee and extensive outdoor space where we take learning outside the classroom. We also have close links with our local community and welcome children from Brackley and neighbouring villages.

We look forward to meeting you and showcasing our wonderful school.
